

### **What is Freshmen 101?**

Delivered by the school librarian, Freshmen 101 embeds consistent methods of digital and information literacy instruction across the curriculum.

### **What will students learn?**

Librarians will instruct students in 21st century skills for college and career readiness, including:

- Research Skills
- Digital Citizenship
- Copyright
- Plagiarism
- Citations

### **How will the instruction be delivered?**

The district's 1:1 initiative allows instruction to be delivered via Schoology.

### **How will skills learned be assessed?**

Librarians will review work to assure student mastery of skills that apply to all curricular areas and lifelong learning.

### **Why is this type of instruction needed?**

Following the completion of site visits to higher-education institutions and a 1:1 high school, incorporating best practice research, we identified a need for students to develop and refine foundational, 21st century skills for college and career readiness. To support the district's 1:1 initiative, consistent methods of technology and information literacy instruction across the curriculum are essential.
